On behalf of the Health and Community Agencies Division of the Jacksonville Area Chamber of Commerce, I welcome you to Jacksonville!

Jacksonville is a wonderful place in which to live, work, and play. We have a rich tradition of progressive education, business and employment opportunity, and social and recreational activities.

Our community provides a wide range of healthcare services including health care practitioners in various medical and health-related areas and suppliers of medicine and medical equipment.

The Health and Community Agencies Committee of the Jacksonville Area Chamber of Commerce has prepared this directory of health care providers as a service to the community. Please take a few moments to acquaint yourself with the contents of this booklet in the event that you may need one of the services listed.

Again, we welcome you to Jacksonville and hope this booklet is of assistance to you.

Sincerely,

A handwritten signature in black ink that reads "Ginny Fanning". The signature is written in a cursive, flowing style.

Ginny Fanning  
*Chamber President*
