Jim Bormann started orientation this week as the Director of Human Resources. “I’m very excited and pleased to be here. I hope to get out and meet as many employees as possible,” he said.

Bormann comes to Passavant from Jacksonville School District #117 where he served as Director of Human Resources the past five years. Jim also brings 19 years experience as an investigations supervisor and human rights investigator with the Illinois Department of Human Rights. He earned his Masters of Public Administration Degree in Human Resources from the University of Illinois-Springfield.

Brittni Hickox

Previous work experience: CNA here at Passavant.
Hobbies/special interests: Being with my family, fiancé, and friends; reading, being outside; photography; and walking my dogs.
How I describe myself: Organized, outgoing, friendly, and caring.
Secret Ambition: To become a nurse practitioner specializing in pediatrics or in mental health.
Pets: Nolan, a Maltese; Stella, a Boxer/Pitbull mix; Brinx, a Yorkie; and Toby, a Malshi.
Favorites: Holiday: Christmas; Season: Fall; Food: Any type of pasta; Song/Artist: All kinds of music, especially country music; Vacation: Orlando, Florida; Movie: The Proposal; The Wedding Date; Part of job: Working with wonderful co-workers and caring for and meeting the patients.
Some of my job responsibilities: My day-to-day responsibilities include caring for the patients on Two South and in Pediatrics. I distribute medications, assess the patients, and meet the needs of the patients. I prepare patients for surgery and receive the patients following surgery.
Describe a time you went “above and beyond” in your job: I come to work enjoying what I do. I treat the patients the way I would want to be treated, or how I would like my family treated. I try my best to meet the needs or wants of my patients everyday. I also do my best to help my co-workers.
Why should individuals choose Passavant?
Passavant makes a patient a name, rather than a number. The nurses, staff, and doctors work together to care for the patients. The staff here is knowledgeable, caring, and always willing to help one another.
And the nomination said: Recently my 3-year old daughter had her tonsils removed. Ms. Hickox went above and beyond to make her stay as pleasant as possible. My daughter does not do well with strangers; however, with Ms. Hickox she warmed right up. She had a way of dealing with her which made my daughter feel very comfortable. Ms. Hickox was even able to get her to take her medicine without any problems. She made a positive impact on my daughter. My daughter frequently asks to get to the hospital to see Nurse Brittni.
Bormann, CONT’D.
Jim and his wife, Kathy, reside in Jacksonville. They are the parents of five adult children, Jon, Matt, Sara, Daniel, and Chance. Jim’s interests include walking, cycling, and spending time with family.
